PROFESSIONAL SUMMARY

I am a Web Developer and Cloud Solutions Architect with a strong background of technical skills and a keen eye for strategic planning including driving business growth through innovative cloud solutions. I am available to collaborate and leverage my skills in web application development and cloud computing to contribute to innovative projects focusing on quality, security, and usability.

TECHNICAL SKILLS

▪ PHP ▪ Python ▪ MySQL ▪ JQuery ▪ RESTful API ▪ JavaScript ▪ AWS ▪ Cloud Services ▪ Solutions Architect ▪ Cloud Services ▪ Frontend Web Development ▪ Backend Web Development ▪ Version Control: Git, Github, Bitbucket

SOFT SKILLS

▪ Communication ▪ Teamwork ▪ Critical Thinking ▪ Creativity ▪ Motivation and Self-Awareness ▪ Networking ▪ Leadership ▪ Adaptability ▪ Entrepreneurial Thinking

WORK EXPERIENCE

Frontend Web Developer

Sep 2024 – November 2024

Poolside Africa – Lagos, Nigeria

- Designed and implemented responsive email templates for effective communication with clients.
- Utilized Git for version control to streamline collaboration with team members.
- Developed user-friendly websites and applications by designing and implementing responsive web pages using HTML, CSS, and JavaScript.
- Collaborated with a team of developers to create user-friendly websites and applications.

Web Developer

May 2023 – July 2024

YH Agrotech Enterprises – Ibadan, Nigeria

- Led web development for YH Agrotech Enterprises, creating interactive web experiences and launching the company website for public access.
- Developed responsive, user-friendly websites using HTML, CSS, JavaScript, and Bootstrap.
- Assisted clients with domain registration, hosting setup, and website migration processes.
- Implemented back-end solutions using PHP and MySQL to enhance website dynamic content and functionality.

- Evaluated application responsiveness and eliminated bugs and glitches.

Backend Web Developer

Oct 2019 – March 2023

Twecampus – Ibadan, Nigeria

- Collaborated with designers and development teams to create high-quality interactive web experiences.
- Integrated RESTful APIs and third-party services to enable data retrieval and interaction within web applications.
- Implemented security best practices to protect against common web vulnerabilities, such as XSS and CSRF.
- Implemented back-end solutions using JavaScript JS, JavaScript JSON, PHP, and SQL for the website's dynamic content and to enhance website functionality.
- Conducted code reviews and provided technical guidance to maintain code quality and standards.

Manager

July 2018 – Sep 2029

YH Agrotech Enterprises – Ibadan, Nigeria

- Managed commercial breeding of fish and raised fish in tanks and artificial enclosures at YH Agrotech Enterprises.
- Oversaw successful operations and collaboration with team members to achieve company goals.
- Implemented innovative strategies to improve fish breeding techniques and increase productivity.
- Managed livestock breeding and achieved company registration with the government, maximizing yield through proper agricultural practices

Teacher

May 2017 – April 2018

Magami, Government Day Secondary School – Ibadan, Nigeria

- Taught class students of SS3 final year.
- Collected and analyzed student work samples and demonstrated practical.
- Planned lessons to meet the learning needs of groups and individuals, especially the final year students.
